

COVID-19 MEMBER SUPPORT PROGRAM

STRONGER TOGETHER

ABOUT US

Centrally located in the inner-city suburb of Bowen Hills, Brisbane, The Coffee Commune is a state-of-the-art facility dedicated to bringing the hospitality industry together.

Being a Coffee Commune member opens an array of opportunities for you, either as an individual or a business owner. The Coffee Commune partners with industry professionals to provide you with high level training, education programs, thought leader series presented by leading experts in their field, advocacy, buying power and most importantly, industry connections.

With over 130 members currently, The Coffee Commune is soon to be the largest community of coffee lovers and professionals alike. This directory is specifically crafted to help you expand your network.

As Porter Gale says, "Your network is your net worth".

ABOUT THE PROGRAM

The latest results for the June Quarter of the CCIQ pulse survey indicated Queensland's economy and business community are not out of the woods yet and that our recovery remains in the balance. We are here to support you. We will continue to advocate on your behalf so you can be provided the certainty, clarity and support you need to survive the immediate impacts of lockdowns and recover long-term.

Coffee Commune Members have generously provided other members with special deals and discounts on their products and/or services to help the community recover from the devastating impacts of COVID-19. No matter how big or small the contribution, it shows the impact of being a part of a community of likeminded people and businesses.

Let's work together to help each other through this difficult time and accelerate our potentials.
